Answer: The Amazing Preservation Race

Teams of 4 adventurous adults who want to put their street smarts and trivia skills to the test!

Cost is **\$100/team**: Each participant will receive a free T-shirt and drink ticket for the post-race fiesta! **Prizes** will be awarded to the winning team!

This is how it works: Each team will have exactly two hours to complete the race. Teams will use a set of riddles to find historic destinations in downtown San Antonio. Once your destination is reached, each team will have to perform an activity in order to get the next clue. Between locations, teams will be responsible for performing urban challenges.
